

Robert W. Franz Cancer Center  
at Providence Portland Medical Center

## **Cancer Research Lab Tours for 2019**

830 NE 47<sup>th</sup> Ave.  
Portland, OR 97213  
503-215-6020

Learn how our internationally recognized cancer researchers are conducting promising research aimed at harnessing the power within our bodies' own immune systems as a tool to fight cancer. Walk through our research labs and witness leading-edge technology at work. Hear about new and exciting developments with our clinical trials. Learn what bench to bedside research really means from doctors who do both. Learn how we care for the whole person and offer support for families dealing with cancer.

All tours are from noon to 1:30 p.m. and lunch is provided. RSVP required.
